INTRODUCTION

Early Childhood Education and Care

AILIE CLEGHORN & LARRY PROCHNER

This thematic issue on early childhood education and care (ECEC) takes the reader from the lead article by Peter Moss to the United Kingdom, Italy, India, Bangladesh, and beyond, to explore a wide range of issues involved in the transition from pre-school settings as well as from the home to formal schooling. The reader will find in these articles that the notion of transition is expanded not only to include an important event in the life of a child, but also to be shown as a cognitive phenomenon and a social process. The collection of articles thus contains several foci: shifts in the culture and language from the home/pre-school setting to school; differences in pedagogical

Which Stats Test

Knowing which statistical test to use to answer your question is tricky.
Use this simple tool to help narrow down the options!

Question 1 - What is the purpose of your analysis?

- To look for differences between sets of data
- To look for an association between variables
